School Annual Education Report (AER) Cover Letter

February 9, 2023

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2021-22 educational progress for Onsted Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Alaina Ellison for assistance.

The AER is available for you to review electronically by visiting the following website <https://bit.ly/3qwdhE8> or you may review a copy in the main office at your child's school.

For the 2021-22 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2021-22. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

Our middle school students' scores varied with above the state average on the English and below on Math portions of the test and we are working to improve. Our core content teams meet monthly to review student data and to improve instructional strategies that will assist our students on becoming college and career ready. We also have paraprofessionals on staff who are working closely with our at-risk population and providing necessary help and assistance where needed to help students find success.

Additionally we have received professional development including coaching for Tier 1 best instructional practices.

Onsted Middle School is a grade 6-8 building. Students are assigned to the building based on the successful completion of 5th grade at Onsted Elementary School. We also accept school-of-choice students from other districts.

Our school improvement plan is centered around the process of MiMTSS. Our goal is to improve our systems of support as evidenced by TFI scores to 80% for each tier by May 30, 2026. Currently, we are at 58%, however, we are predicted to have a dramatic change in score due to the [new R-TFI](#)

The students of Onsted Middle School receive special education services through the Lenawee Intermediate School District (LISD). In addition to the specialized schools, students receive diagnostic testing, school psychology, school social work, physical and occupational therapy, career technical education, special needs training and speech pathology services.

The Lenawee Intermediate School District provides educational services to students from birth through age 26 who have severe handicaps. Students with severe physical, mental, emotional or sensory impairments may receive their educational program at a classroom operated by the LISD. No students from Onsted Middle School attended LISD classroom programs during the 2021-22 school year.

The LISD operates the Laura Haviland Program for early elementary, elementary, middle and high school students with severe emotional and behavioral impairments. Some students from Onsted Middle School attended Laura Haviland during the 2021-22 school year.

In cooperation with the Lenawee County Probate Court, the LISD operates the juvenile education program housed at the Maurice Spear Campus.

LISD operates special education classrooms in local districts including classrooms for students with physical or other health impairments and hearing impairments in Madison, and classrooms for students with cognitive impairments in Tecumseh and Adrian. Some students from Onsted Middle School attended these programs during the 2021-22 school year.

The LISD PREP Academy provides educational programs for teen parents from Lenawee County. During the student's instructional program, childcare support is provided. No students from Onsted Middle School attended the LISD PREP Academy during the 2021-22 school year.

The LISD TECH Center offers career technical education programs for high school juniors and seniors. No students from Onsted Middle School attended the LISD TECH Center or participated in the co-op/work experience program during 2021-22.

The most recent follow-up of LISD TECH Center students (a 2022 study of 2021 graduates) showed 50.5% were continuing their education. Of those continuing their education, 89.8% were continuing in a field related to their LISD TECH Center program. In addition, 85.7% were working (full-time or part-time) with 5.8% reporting they were unemployed/seeking employment. Of those working full-time, 67.4% were in a field related to their LISD TECH Center program.

Local districts operate special education classrooms open to students from other districts. There are two MiCI classrooms in the county that other districts can send students to. One is the LISD MiCI HS classroom at BD and the other is the MS and HS MiCI classrooms at Addison. Beyond that districts do individual agreements to allow students to attend a classroom in another district. Onsted Middle School placed some students with Tecumseh and Adrian School Districts during the 2021-22 school year.

The copy of our core curriculum can be located at <http://www.onstedschools.us/our-schools/middle-school/>. Our curriculum is implemented and reviewed as part of our processes determined by our Building Implementation Team. This does not deviate from the state model.

NWEA 2020-2021 Student Goal Growth

Met Goal Math 63% Reading 60%

NWEA 2021-22 Student Goal Growth

Met Goal Math 68% Reading 76%

Parent-Teacher Conference Data

2020-2021 Percent Parents Attending Fall 75% Spring 64%

2021-2022 Percent Parents Attending Fall 61% Spring 42%

We appreciate the support from parents and the community as we look to prepare each student for academic and social growth in the school environment. Onsted Schools strives to be a great place for all students to learn in a safe and supportive environment. We will continue to provide teachers with opportunities for professional growth and improve content, instruction and curriculum through our school improvement team. Although we would like higher achievement scores, we also want to celebrate the success that we do earn, both in test scores and in all areas of life skills.

Sincerely,

Alaina Ellison
Principal
Onsted Middle School
